NOTES  
 Distances are in metres and decimals thereof.  
 Measurements are from 1. to 1. measured at ground level, unless otherwise shown.  
 Bearings are shown to the nearest 00' of arc.  
 Bearings are Grid and are derived from Global Navigation Satellite System (GNSS) observations based on UTM Transverse Mercator Projection (UTM).  
 North American Datum, 1983 (NAD83) using NRCAN's Precise Point Positioning (PPP).  
 Reference Meridian is 117° (Zone 11) West Longitude. Combined Factor is 0.999852.  
 Access to Lot 9 is through Eased Land.  
 Statutory Iron Posts placed are marked 2986.
